To whom it may concern,

Re: Application to the Virtual Museum of Canada

This letter is in support of the application from the Maltwood Art Museum and Gallery and History in Art Department at the University of Victoria to build a virtual exhibition for “A Woman’s Place: How Women's Art-Making Shaped Early Victoria.”

Popgun Media is committed to working with Maltwood project staff in the role of multimedia partner to design and develop the 'Woman's Place' virtual exhibition. Popgun will implement a visually stimulating and broadly accessible site, in compliance with current web standards, that presents the project research in an energetic, interactive and user-friendly format.

We look forward to working on this exciting project.

Best regards,
